

SouthStars Soccer Club is a non-profit organization in partnership with Miamiburg Soccer Association. We work hand in hand to provide the local Miamiburg area youth select soccer programs for ages 7 to 14 and recreational soccer for ages 4 to 14.

We are a volunteer based organization with coaches and board members all donating their time to support youth sports. We believe in providing quality soccer at a low cost to prepare kids for high school soccer.

Our core values are simple:

Supporting SouthStars Soccer Club helps to support the local youth soccer players. Sponsorships and donations help us budget for many expenses throughout the year, including:

- Purchasing equipment
- Field Maintenance
- Coaching supplies and equipment
- Professional training opportunities for players and coaches
- Helping to keep sports affordable for families
- Offering Soccer fee scholarships to youth players

By sponsoring, companies receive marketing benefits to grow their local customer base while showing their support for the community.

**We have the following annual sponsorship opportunities available:**
